## The Convenience of the La Salle St. Station

The Rock Island Lines provide most convenient transportation to Chicago—quick, clean, and comfortable. Most convenient, too, *in* Chicago, for its terminal, the La Salle Street Station, in the very heart of Chicago, is the *only* station on the elevated Loop. Hotels and stores and offices are but a few steps from the station, while street cars, busses, and taxi cabs one finds at his elbow. Passengers whose destination is on the South Side find an added convenience in the Englewood Station at 63rd Street, where all trains stop before reaching the Loop.

Visit Chicago! Whatever the time, the destination, the season, or the mission, let the Rock Island take you in convenience and comfort. Hire a car, “chauffeured” or to “drive it yourself,” and enjoy the beauties and exhilaration Chicago offers. Visit Chicago.
